WILSON FIRE/RESCUE SERVICES

ESSENTIALS OF FIRE INVESTIGATION

COURSE DESCRIPTION

This 4.5-day course, is based on National Fire Protection Association (NFPA) 921, Guide for Fire and Explosion Investigations and NFPA 1033, Standard for Professional Qualifications for Fire Investigator. The course addresses the technical and scientific knowledge and skills needed to conduct successful fire/arson investigations. Using a combination of classroom, student activities, demonstrations and group projects, successful methods are demonstrated for conducting science-based fire investigations that culminate, when appropriate, in prosecution for the crime of arson. Upon completion of the course, the students will be equipped to identify the origin and cause of a fire, conduct a technically and legally sound investigation.
